Copy of letter Ref.No.C.R.397/30 dated 23-7-31 from the Chairman, Municipal Council, Hospet to the District Educational Officer, Bellary.

Municipal High School new building - purchase of land - S.No.151 E of Amaravathi Village - adjustment of provincial grant - requested.

On a private negotiation, the council has since been able to purchase S.No.251 E of Amaravathi Village which is one of the 3 S.Nos. originally proposed to be acquired for the new school building to the other lands already purchased. This piece of land streaches to the Travellers' Bungalow road side and lies between the Travellers' Bungalow road and the sites selected for the school building. Recently when laying the foundation to the building it was found inevitable to purchase this piece of land to have free passage from the Travellers' Bungalow road to the school site. Therefore the Council purchased it at Rs.125 per acre or Rs.232-8-0 on thewhole. The registration charges stamps etc., came to Rs.7-12-0 the particulars of which are - Rs.4-8-0 for stamps, 1-8-0 for registration charges, 0-12-0 for a court fee stamp for patta transfer and Rs.1-0-0 for the account writer. Thetotal cost on this is Rs.232-8-0 plus Rs.7-12-0 or Rs.240-4 of which the Council has to get one half of it as provincial grant. I therefore request that you will kindly recommend early payment of this amount from provincial funds.

Copy of letter C.R.No.608/31 dated 3-8-31 from the Chairman Municipal Council, Hospet to the District Educational Officer, Bellary.

Ref:- Your No.R.C.387/26 dated 20-8-31 - grant - site for Municipal High School building purchase of S.No.251 E - Deviation of site value - explained.

As already stated in my previous letter, that this land lies close to the site on which the foundation for the new Municipal High School building has been laid. A road had to be formed from the Travellers' Bungalow road to the new school site through the present land in question. The owner of this land took objection to this and when asked for sale, the party being aware of the importance of the land to the Municipality and also taking advantage of the urgency under which the land was required demanded Rs.200 per acre. After

Estimated Cost was Rs 100 per acre.

exerting a great influence the owner was brought round to dispose it of at Rs.125 per acre. Evidently the value of the surrounding lands in that locality is increasing day by day on account of this new Municipal High School building scheme.
